

# SUMMER ACTIVITIES

With our large variety of exciting warm-weather activities, we truly are an all-season getaway. Designed by Desmond Muirhead, The Hermitage Club golf course is 18 manicured holes of rolling landscape and stunning views. Mirror Lake and eleven-mile long Harriman Reservoir invite hours of kayaking, swimming, boating and paddle boarding. We also recently added two world-class sport boats to our amenities, so we can now offer waterskiing, tubing, wakeboarding and surfing. You can explore Vermont's natural beauty on our hiking and biking trails, or by taking a ride on our Polaris RZR ATVs. And to keep kids busy and happy, we've packed summer with activities like camps, scavenger hunts, arts and crafts, nature hikes and more.

We know you'll love summer here as much as you do winter.
